

Muhammad Bima Adi Prabowo

Software Engineer / Fullstack Developer

Bandung,
Indonesia

About

I am Software Engineer from Bandung Indonesia with 6 years working experience, currently work at Quantus Telematika Indonesia. I am excited to explore new technology, it's feels like adventure for me. I think a good software engineer must often explore new technology. New tech always come every year. If we don't keep up with technology, we will leave behind.

Skills

React	NextJs	Typescript	
NodeJs	Fastapi	Django	
Python	Rust	Php	Laravel
